

Aceyalone Visits KillRadio!

Posted by Radio Sendiddy on Mar 29, 2012

RADIO SENDIDDY 3/24/12 8PM PST 128kbs Stereo

Radio Sendiddy is one year strong now, and **DJ BoB-E** spends the first part of this show with co-host **Tucker Booth**, sending some love back to some of the great artists who have been showing love over the past few months. For the next part of the show **Mass Konfusion** gets in the mix and takes us on a nice ride. We're then joined in the studio by underground legend **Aceyalone**, coming through the **KillRadio** studio for the first time. We sit down with this Los Angeles veteran for a little talk, **Mass Konfusion** sends an Aceyalone mix, then Aceyalone sends an in studio performance of the classic "**Mic Check**", done over a **Mike-P** remix. Aceyalone also tells us about his latest album that's gonna drop soon, "**Leanin' On Slick**", a follow up to 2009's "**The Lonely Ones**". "**Leanin' On Slick**", produced by **Bionik** (who also produced "**The Lonely Ones**") is part 2 in a dedication to the funk, soul, and doo wop influences that have inspired Aceyalone throughout his incredible journey. Listen to **Radio Sendiddy LIVE** every **Saturday** night from **8pm-11pm PST** on L.A.'s own www.killradio.org
